# Wood Managers that the sentiment for General Wood for President is not of the accelerated" kind. The indorsements fol-

with a lavish use of money in the preconvention campaign, by a "damn the
torpedoes, go ahead!" policy.

Representative Norman J. Gould and
Colonel Thomas W. Miller yesterday
closed their desks for the week-end
trip to their homes with the count of
delegates to date in mind—79 for Wood,
4 for Lowden, none for anybody clse.
Mr. Wood said before leaving that the
Wood men did not start the campaign
with the notion that it would be a picnic, and he said, he was thankful
that, with the momentous issues involved, the going has been no rougher.

"General Wood is getting the delegates. Let the heathen imagine vain
things," said the Seneca Falls statesman.

ing the Republican voters by an unwar-ranted use of money, jarred the sensi-bilities of the Wood managers and made them all the more determined to stay on the aggressive. The impres-sion among the Wood men is general that Senator Borah greatly weakened his case by proposing a law limiting campaign expenditures to \$10,000.

**Explains Cost of Campaign** 

Explains Cost of Campaign
In this connection Lafayette B. Gleaton, secretary of the Republican State Committee, said last night:
"Senator Borah could not more than nerely start a state-wide campaign in New York under the present primary aw with \$10,000. The desire to avoid arge expenditures in the primaries is commendable, but the practical difficulties are considerable. Let us take New York and the Republican party, for extending the content of the co sort and the Republican party, for example. Suppose a candidate desired to mail a circular letter announcing his candidacy and appealing for support to all of the 1,400,000 Republican voters, leaving out the Democrats. Estimating the cost of printing, folding, enveloping, stamping and other incidentals, it would cost not far from 5 cents a letter, or a total of \$70,000, for the initial step in the campaign. If a candidate desired to send to each of the 400 Republican papers a cut of himself or a copy of one of his addresses, he would spend at least another \$10,000. Suppose a little later he desired to send a sample ballot to each voter. This would take another \$70,000. Assume, on top of this, that he desired to card index the voters, as presumably the Wood managers have, in many states. He would need a large corps of clerks, stenographers and sub-managers. This does not take into account advertising space in newspapers, or headquarters rent, or railway fare. The best way for Sentor Borah, or any other statesman like-minded, to cut down the money cost of choosing candidates is to abolish the preferential primary system. I am not now discussing the merits of the matter. I am merely suggesting that the only way to cut down the heavy cost of primary and general elections is to abolish the preferential primary."

## Senate to Scan Expenditures

Committee to Inquire Into Campaign Funds of Candidates in Hearing on Bill Offered by Borah

Gift of \$100,000 Denied

Doheny Says He Made No Contribution; Lowden Is Willing to Reveal Facts

From The Tribune's Washington Bureau WASHINGTON, March 27.-Cam-WASHINGTON, March 27.—Campaign funds of candidates for Presidential nominations will be inquired into by the Senate Committee on Privileges and Elections, Senator Dillingham, of Vermont, chairman of the committee, announced to-day. Senator Dillingham said the committee will meet within a few days and arrange for public hearings on the Borah bill limiting the expenditure of any candidate for the Presidential nomination of any party to \$10,000 in each state, and for full publicity of contributions.

Senator Borah introduced the bill in the Senate yesterday, when it was charged that Major General Leonard for the Republican nomination, were spending huge sums to control the Chicago convention.

Governor Lowden, in a telegram received to-day by Senator Borah, offered to make public all details of his campaign funds and their expenditure. In reply, Senator Borah telegraphed Governor Lowden as follows:

"Hon. Frank O. Lowden, "The Chicago, Ill.:

"Advantages for workingmen only, but a sufficient return to maintain himself and his family in comfort and give them the advantages which every and his family in comfort and give them the advantages which every and his family in comfort and give them the advantages which every and his family in comfort and give them the advantages which every and his family in comfort and give them the advantages which every and his family in comfort and give them the advantages which every education, moral training and equal opportunity. He seeks also a sufficient ration in the fruits of his industry to enable him, by thrift and good management, to lay aside a competence against misfortune and old age. No fair-minded man can complain of this just ambition. The wage carner wants in the settlement of the sample and the committee, announced to each state, and or provintity. He seeks also a sufficient return to methe the advantages which every education, moral training and equal opportunity. He seeks also a sufficient return to methe them the advantages which every education, moral training and

ernor Lowden as follows:

"Hon. Frank O. Lowden,

"Chicago, Ill.:

"Wire received and pleased to get it. If you are so disposed and will send the party here who can give me details of contributions and expenditures I will take a stenographic report, place it in the Record and make it public. As I am otherwise engaged next week, I would fix the date for April 5th or 6th.

"WILLIAM E. BORAH."

\$100,000 Contributions Denled

Edward L. Doheny, of California, named by "The New York World" as one of six men who were alleged to be contributing \$100,000 each to the Wood campaign, flatly denied the charge in telegrams received to-day by Senator Borah and by Senator Phelan, Democrat, of California. The telegram follows:

"My Dear Senator:
"The article published in 'The New York World' stating that I am a contributor to the General Wood campaign fund is a falsehood made out of whole cloth. I have not made any such contribution. I have not been requested to make any contribution, either to the General Wood fund or that of any other candidate, and I have not made any contribution to any such fund. Senator Borah's remarks about me in this respect are hence unfounded, unwarranted and without basis. Can you with propriety make a refutation of these slanders for me on the floor of the Senate? Sincerely yours,
"EDWARD L. DOHENY."

"Does your denial of contributions cover your business concerns or business interest with which you are associated? I am led to ask this for the reason that since receiving your wire I am again assured the contribution was made, and that it is understood to have come from you and your business concerns. I shall be glad to make your statement public."

cions by writing Mr. Doheny direct, as has been his custom in getting expressions from public men. The Senate should not be made a forum for misrepresentation, either intentional or accidental."

For Presidency McAdoo Not a Candidate; **Would Take Nomination** 

William G. McAdoo, former Secretary of the Treasury, replying yesterday to a letter from the International Brotherhood of Electrical Workers announcing that body had indorsed him for the Democratic nomination for President, says he is not a candidate, but that he should regard it as an imperative duty of good citizenship to accept the nomination if it came to him unsolicited. Mr. McAdoo says:

"The square deal which the wage earner of America wants, if I understand him aright, is not charity, nor is it a living wage alone. 'Man doth not live by bread only.' The square deal the wage earner seeks is not special advantages for workingmen only, but a sufficient return to maintain himself and his family in comfort and give

year. It has done nothing of constructive value; on the contrary, it has defeated the peace treaty and stands today for the revival of armed force and militarism in the settlement of disputes between nations instead of for a league of nations, which, by the peaceful methods of counsel and arbitration, will make human slaughter unnecessary in the settlement of international differences. Every decent instinct of humanity revolts against a return to such a brutal policy."

wenty-seven were instructed for Wood, five for Lowden and two for Johnson.

The ten district conventions met March 19. The Wood forces controlled half of them, and thus ten delegates instructed for him were sent to the national convention. Four districts chose uninstructed delegations, and in the other there was a split, part of the delegates selecting two Wood men and the others a pair of uninstructed representatives.

The next day the state convention of the party picked four delegates-atlarge and left them uninstructed. On paper, therefore, the Minnesota delegation stood to-day as follows: Uninstructed, 12; Wood, 10; contested, 2. What portion of the preference vote remained uncounted when tabulation closed cannot be determined. The Secretary of State's office explained to-day that the preference vote was not offi-

cial, that no law was applicable to such a primary and that, therefore, no returns on it had or would be made to the state. Newspapers busied themselves only with the known or estimated factional affiliations of the men elected to the county conventions.

Herman W. Schroeder, of Minneapolis, head of the Johnson organization in Minnesota, said he had no total figures for the state and would be 'at a loss to know where they could be obtained."
